REMARKS

25X1X

1. Motorized units arrived in the border area of Cesky Krumlov (N 49/Q 84) and Prachatice (N 50/Q 56) between 3 and 7 September 1950. The troops had numerous tanks and artillery pieces. *
2. Artillery personnel were seen marching out to construct gun emplacements. No field exercises were observed.
3. All roads approaching the border were blocked by AT obstacles, ditches and chevaux-de-frise.

25X1A

- * [REDACTED] The large troop training grounds of Bolotice is located in the border area west of Cesky Krumlov. Large-scale Czechoslovakian Army maneuvers are held there annually. The motorized units observed there in early September 1950 probably went to the troop training grounds for field exercises.
